"DEAR SIR/MADDAM"

HIRING MANAGER
TECH COMPANY PVT.LTD.
NOIDA, INDIA

Dear [Hiring Manager's Name],

I am excited to apply for the **Web Developer** position at your esteemed company. As a **Bachelor of Computer Applications (BCA) student**, I have developed strong expertise in **web development, UI/UX design, and game environments**. My passion for **creating interactive applications, realistic game experiences, and dynamic websites** motivates me to explore and innovate continuously. I discovered this opportunity through [mention job portal or reference], and I am eager to contribute my skills to your organization.

I have experience working with **HTML, CSS, JavaScript, React.js, Node.js, MongoDB, Firebase**, and various modern web technologies. I also have a keen interest in **game development and horror-themed environments**, using tools like **Unreal Engine 5 and Unity**. Some of my key projects include:

- **Portfolio Website** – Designed a personal portfolio showcasing my projects, skills, and achievements.
- **College App Clone** – Developed a fully functional clone of my college's app with interactive features.
- **Amazon Clone** – Built an e-commerce platform with product listings, user authentication, and a shopping cart.
- **Spotify Clone** – Created a music streaming app with a modern UI and real-time playback.
- **WhatsApp Clone** – Designed a chat application with real-time messaging using Firebase.
- **Food India App** – Developed an online food ordering platform with an engaging UI and payment integration.
- **Horror-Themed Game Environment** – Created immersive horror game scenes using **Unreal Engine** for a realistic experience.
- **LinkedIn, Instagram & Facebook Clone** – Developed social media platform clones with user authentication and profile features.
- **PUBG Clone** – Designed a basic prototype of a multiplayer battle royale game to enhance my **game development** skills.

I admire your company's work in [mention relevant industry or project if known] and believe my expertise in **web development, UI/UX design, and game environments** can add value to your team. My goal is to contribute **creativity, technical skills, and problem-solving abilities** to build impactful digital solutions.

I would love the opportunity to discuss how my skills align with your company's vision. Please find my resume attached for reference. Thank you for your time and consideration. I look forward to hearing from you.

Sincerely,
Vicky Kumar Sah
